Project Deliverables	
[Epic story/High-level deliverable from the WBS is listed here.]	<p>[Share Stories]</p> <p>Users are able to report incidents on the app, and in order to get better statistics, they are asked to identify where the incident took place from a list of possible locations, including work, in public, school, home, and online. The application will also have location services that will help to accurately determine the user's location. Once they select a place, users are asked to select categories, including sexual harassment, discrimination, stereotype, and others.</p> <p>[View Stories]</p> <p>users will also see incidents that have been reported by other users.</p> <p>[Filter Stories]</p> <p>Users will be able to filter incidents by category and location. They are also able to sort by "most recent" or "most liked" incidents.</p>
[Epic story/High-level deliverable from the WBS is listed here.]	<p>[Delete Stories]</p> <p>Users will be able to delete stories they have shared in the past.</p>
