MVP 2	2 weeks		
[Name of work package.]			
[Name of activity.]	[Duration in days.]	[Start date of activity.]	[End date of activity.]
Users should be able to share and view stories on the app. The should be able to sign in, sign up, and verify emails. They should be able to filter by category or location and sort stories - based on likes, most recent.
MVP 3	2 weeks		

[Name of work package.]

[Name of activity.]

[Duration in days.]

[Start date of activity.]

[End date of activity.]

Users should be able to share and view stories on the app. They should be able to sign in, sign up, and verify emails. They should be able to filter by category or location and sort stories - based on likes, most recent. Users should also have access to a map (like an api) that makes it convenient for them to select and see all stories in the selected location.
