

Project Status report

Name:	Joseph
Community (UN SD goal):	UN Goal 5.2- Eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation".
MVP #	3
Sprint cycle dates:	2 weeks interval

Project Name	SAS
Blurb	<p>This project is created to support UN Goal 5.2 - Eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation". There are currently three methods to report harassment:</p> <ul style="list-style-type: none">- Report to the police- Report to the university's Sexual Violence Prevention and Response (SVPR) coordinator- By calling the City of Regina's Anti-Bullying and Public Fighting Bylaw <p>The goal of this app is to create awareness to the rest of the people living in the location where incidents occur. Rather than just reporting them.</p>
For Week Ending	November 30, 2021
Project Status	Green
Status Description	I am satisfied with where the app is at. There are functionalities to add but these would take long to implement. I'd leave them for a future MVP

Activities—During the past sprint cycle

- Removed comment section
- Replaced "delete story" button with "Edit Story" button
- Added Geolocation services that accurately gets the user's location
- Added dropdown menu that allows users to sort stories by category

Project Issues

No major project issues for now

Project Changes

List any project changes that were approved since the last report/discussion.

- None for now

Activities—Planned for Next Week

For a future MVP:

- Add the ability for users to “like” stories and sort the homepage by most “liked” stories
- Users should have access to a map that makes it convenient for them to select and see all stories in their selected location.

Reflection

Do you feel "on track"?

I feel like I am on track, although some activities need to be pushed to a future MVP

What progress do you particularly feel good (great) about?

I feel good about getting geolocation services working

What barriers (if any) do you feel is/are a current impediment to success?

I don't see any for now

What help (if any) do you require to move positively forward?

None for now. But if any arises, I will speak up

What questions or concerns do you have (if any)?

none
